FINDING THE RIGHT MEDICATION JUST GOT MORE PERSONAL

Hello **Name**,

Your care is our top priority, and it's why we're offering you a **pharmacogenetic test at no cost\*** through our Blue Cross Personalized Medicine<sup>SM</sup> program. Our program can help ensure your medications are tailored to you.

### How it benefits you

Your free RightMed<sup>®</sup> genetic test\* by OneOme<sup>®</sup> shows how your body processes your medications to help:

- Identify which medications are less likely to cause negative side effects
- Find the best medication for you earlier in treatment
- Customize your medications for years to come

### How our genetic testing program works

**Step 1: Request your free RightMed test kit at [www.myrightmed.com/bcbsm](http://www.myrightmed.com/bcbsm).\*\***

**Step 2: Collect a cheek swab sample.**

**Step 3: Get your results through OneOme's secure website.\*\*** Blue Cross will never receive your results.

**Step 4: Consult with your health care provider on next steps.**

*"I was on a couple of medicines for (pain from) fibromyalgia, but they weren't working. I took the test, and my results helped my doctor find another medication for me. I feel better and it's all because of the test." – Rosalind B.*

### Feel confident in taking the test

Go to [www.myrightmed.com/bcbsm](http://www.myrightmed.com/bcbsm)\*\* or scan the QR code for information about how:

- Your doctor will work with you
- Your RightMed test works
- Your information is kept safe

### Questions?

Email OneOme at [support@myrightmed.com](mailto:support@myrightmed.com) or call **1-844-663-6635**.

\*BCN members with pharmacy benefits are selected for the program based on certain prescribed medications and other criteria. The RightMed test includes test analysis, your gene report and a clinical action plan. Copay, coinsurance and deductible for in-person or virtual visits may apply.

\*\*Blue Cross Blue Shield of Michigan and Blue Care Network don't own or control this website.

OneOme is an independent company supporting Blue Cross Blue Shield of Michigan and Blue Care Network by providing services related to pharmacogenetic testing.
